eTravelmate SaaS
Employee Transportation Solution [ETS]

Equation of Risk, Cost, and ESAT in Balance

We recognise the difficulties you face

Risk Reduction

We provide multiple layers of safety measures like Escort Guard allocation, secured attendance capture, SafeBoard & SafeReach confirmation, Panic workflow and a lot more.

Cost Reduction

Route optimization, maintaining the occupancy rate at least 85%, avoiding the last minute no-shows and cancellations by introducing standard processes, digital trip sheets, and employee attendance, defining the rules to avoid escort round trips.

Enhancing Employee Satisfaction

Improving employee commute satisfaction can have a positive impact on employee engagement, productivity, and overall well-being.
